

Features

The RO Channel is a linear aluminum extrusion that has been designed to fit many LED lighting needs. Multiple mounting bracket options allow for great flexibility in any application; from directional lighting solutions to secure fixed installations like a closet rod light fixture. Substantial aluminum mass in profile provides excellent heat sink for high power LEDs. RO linear aluminum extrusion comes with three choices of optical lenses. Extrusion and lenses are field cuttable. All other accessories sold separately (page 2).

Finish
Silver anodized

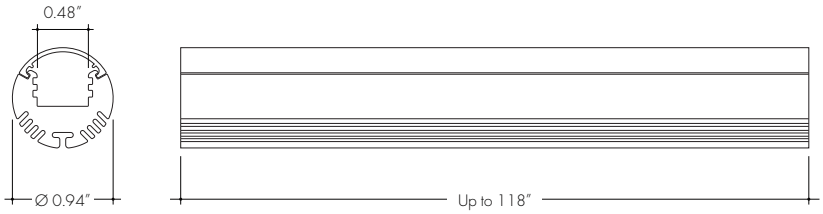

Mounting
Screw Fasteners

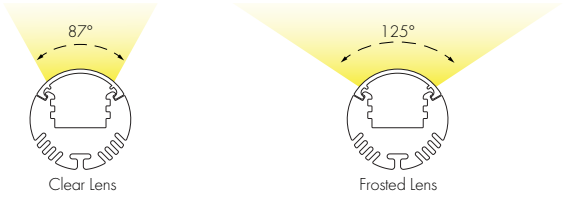

Diffuser Lens
Polycarbonate, snap-in-place, UV resistant

Warranty
7 Years

Declare. MADE IN U.S.A
